Galveston, August 19.—The total number of lives lost in the great storm is estimated at two hundred and thirty. The total property loss along the coast is estimated at twenty-five millions. Some estimate the number of dead at 400. The heaviest loss of life is among the ships. It will be weeks before the loss of life can be checked up.

One hundred and fifty who were aboard dredges and schooners in this district are missing. Fourteen bodies have been recovered in Galveston proper.

Galveston, August 19.—One hundred and ninety persons marooned near Abbeyville, La., have been for three days without food. The force of the hurricane was shown here when a six-ton monument was blown two hundred feet.

Galveston, Texas, August 19.—The city has survived the worst tropical storm in its history, with a loss of thirty-nine lives and a property damage estimated at $15,000,000. The loss is negligible when the terrific hurricane which raged for twenty-four hours over the city, is considered.

The big seventeen-foot sea wall surrounding parts of the city alone saved it. Not a business house nor a residence escaped some damage. The principal destruction was near the wharves, the cotton piers being scattered greatly, two being washed away.

Elevators in the city were scarcely damaged. Five ocean steamers are aground on Pelican island. Scores of small crafts were totally wrecked.

A mass meeting called by Mayor Fisher appointed a committee of forty-five citizens to supervise repair work in the city. Galveston has been placed under martial law because of the looting discovered in several places. The regular infantry is expected to arrive here today to assume command of the situation and assist the militia.

Saloons have been closed. An adequate water supply for domestic purposes has been arranged for. The work of repairing the water mains is now under way.

The great boulevard along the sea wall is all washed out and is totally impassable.

Most of the residents of the city are returning to their homes since the water is subsiding. During the storm thousands took refuge in the court house while an equal number went to other public buildings and hotels.

The wind, during the storm, steadily increased in velocity. The tropical downpoud of rain began to fill the streets of the city with water by midnight Monday. Six feet of water flowed through the business section, ruining all stocks of goods on the first floors.

Two fires started did considerable damage, being increased in damaging effect when the wind changed and increased to ninety miles an hour, coming direct from the gulf, pouring water over the sea wall, and doing great damage.

Two tugs and five dredges are missing. Nearly all plate glass windows in the city were broken by the storm.

More Deaths from Storm.

Beaumont, Texas, August 19.—A courier reports that the town of Anahuac was demolished by the storm and that twenty were killed.

A Steamer Overdue.

New Orleans, August 20.—Considerable uneasiness is being felt because of the failure to get any report from the steamer Marowijne, enroute from Honduras. It has sixty-six passengers on board and is four days overdue.

RED CROSS TO THE RESCUE

Gulf Coast Sufferers Being Taken Care of by the Hospital Corps and Assistants.

Special to The Democrat-Forum.

Washington, D. C., August 19.—Prompt measures have been taken by the Red Cross society for the relief of the Galveston flood sufferers, and they are already rushing supplies and giving all possible relief. Major General Bell has gone to Texas City to take charge of the relief work there and to distribute food to the destitute civilians.

Texas City is a port across the bay from Galveston, and it was hard hit. It suffered a loss of $100,000 and 150 buildings in the residential districts were destroyed. At the height of the storm there was six feet of water over the city. Latest reports place the number of dead at eighteen, of whom ten were soldiers.

Martial law has been proclaimed there and order is being maintained.

FEDS WIN FIRST IN BALL TOURNEY

MARYVILLE DEFEATED CLEARMONT 5 TO 2—WILLEY HIT ONCE.

HOPKINS WON FROM BEDFORD; SCORE 4-2

Local Nine Will Clash With Thomas' Aggregation Today, While Clearmont Tussels Bedford.

(By Special Correspondence to Democrat-Forum.

Hopkins, Mo., August 19.—In the opening day of the three-days base ball tournament began here yesterday with the teams of Bedford, Ia., Clearmont, Hopkins and the Maryville Federals each contesting for one of the four prizes aggregating $350, the Federals defeated Clearmont 5 to 2, and Hopkins won from Bedford 4 to 2.

A fairly large crowd attended, many fans coming from neighboring towns, including Maryville, to witness the games and root for their home teams. All Hopkins stores and business establishments are to be closed from 2 to 5 o'clock each afternoon of the tournament, while the Hopkins band will entertain with a concert each evening.

The Maryville Federals and Hopkins will contest this afternoon, while Bedford and Clearmont will battle for victory. On the closing day, tomorrow, Maryville will play Bedford and Hopkins will play Clearmont.

Expect Close Game Today.

Clay Vaughn of Burlington Junction, recently of the Nebraska state league, will pitch for Maryville today, while Harry "Frosty" Thomas, the southpaw, who has played with the St. Joseph Western league team the last two seasons, will pitch for Hopkins. He is a brother to the manager of the Hopkins team, and is considered an exceptionally strong twirler.

It was he who brought St. Joseph out so well two years ago, when he pitched a double victory for the St. Joseph Drummers in the final game of the season against the Omaha team.

The largest crowd of the tournament is expected to witness the games today.

Fern Willey, a new twirler for the Maryville Federals, pitched an "almost" no-hit game against Clearmont yesterday, the only one being secured when Myers got a fair ball past Palfreyman, playing shortstop. It started Myers out on the first of the two scores secured by Clearmont. Clearmont got only three men on first base.

Maryville Lost First Chance.

The Feds' first chance to score came in the first inning, when Carmichael

IMPLIES COUNCIL COULD USE HEADS FOR PAVING.

The following anonymous letter was received by Bert Raines, president of the Maryville city council, by mail this morning, which implies how Maryville could pave some of the streets with little expense and through the use of the councilmen themselves:

In a certain large town in the south of Ireland, in which the streets were very bad and the footpaths even worse, a meeting of the corporation was held for the purpose of making new pavements, when it was found that the funds to their credit were rather low. After a long and wearisome discussion one of the members arose and addressed the meeting thus:

"I think, gentlemen, that if we all put our heads together we could all make a very good wooden footpath."

HOPKINS FARMERS THRESHING.

Despite Rains Wheat is Being Sold at From 65 Cents to $1.

Despite the rains, some of the farmers of Hopkins township have already threshed, but the grain is not what it ought to be, being of an inferior quality, the best offer on some of it being 65c a bushel. Ed Wolfers, Jr., offered Levi Daniels a dollar a bushel for his wheat Tuesday.

Most of the farmers will stack their grain and thresh in about six weeks from now, believeing that by putting the grain through a sweat it will be of a much better quality and consequently worth more money on the market. Hopkins Journal.

He has many friends over the county who will wish him success in his new venture.

HAWK IN TROUBLE AGAIN

Former Maryville Man Wanted Here by State Assaulted Iowa Prosecutor, Charged.

Henry Hawks, who left Maryville last winter, following the filing of a state charge of assault against him by Prosecuting Attorney W. G. Sawyers, is again in trouble, according to reports from Shenandoah, Ia. He is alleged to have "beat up" Levi Mattox, county attorney there, this week, because Mattox brought a charge of bootlegging against him.

The attack was committed, it is said, during a court session there. Mattox received deep gashes over his eye, making several stitches necessary. His eye is swollen shut.

Immediately Judge George H. Castle, in spite of the strong evidence against Hawks on the whisky charge, bound Hawks over to the grand jury, affixing bond at $500, on a charge of felonious assault.

This fills the roster of guard officers, Claude Wilson being appointed first sergeant a few days ago to succeed Guy Ray.

There were only two other nominees for the position of first lieutenant. They were Chester Bennett and Jesse Strader.

A call was issued today by Captain John K. Ross for all members of the company to get ready for annual encampment of the Fourth regiment at Kansas City, September 6 to 12. The Maryville company will leave for camp September 4, Captain Ross announces. None will be excused except on presentation of certificate from a physician that he is unfit for duty.

NEWS BY WIRE.

The Democrat-Forum has arranged to augment its present excellent local news service with the latest important news by wire. It will not cover all the world's news but it will cover all the big news of the world each day. It is not within the province of a daily in this field to do more. The Democrat-Forum has always made it a point to give its readers more of the news of Maryville and Nodaway county than any other paper, and to give it earlier and with accuracy. We have not been willing to curtail this service in any way in order to take on more outside news because the people have plainly shown their approval of our course, but we have now arranged to give to our readers this extra service without any abridgement of home news. In fact, we expect to increase that wherever possible.

Our wire service will be furnished by the International News Service, one of the great news supplying bureaus of the world. It will supply the big news at the very earliest moment, and will also supply a limited market report at the close of each day's business. It will give the closing prices at Kansas City each day on cattle, hogs, wheat and corn particularly, which will be printed in The Democrat-Forum within a couple of hours. If you want all the news all the time, get The Democrat-Forum.

PIONEER PREACHER HONORED

Lived in Nodaway in Log Cabin Days—Celebrates Eighty-Second Birthday at Home in Hopkins.

The Rev. J. C. Carmichael celebrated his eighty-second birthday August 12 and the following account of the way it was observed is taken from the Hopkins Journal:

Last Thursday was Rev. C. J. Carmichael's eighty-second birthday, but his friends waited until last Sunday to celebrate the event, when they went to his home in the southeast part of town, with well filled baskets, and gave him a complete, yet a most happy surprise.

Although this aged minister has not been a resident of Hopkins for any considerable time, he is a pioneer of the county, coming to Maryville before the Civil war, and is a man who makes friends by his genial manner and pleasant ways. It is interesting to hear him tell of the early life here, when land sold as low as $3 an acre and when a log cabin was occupied by a "department store" in Maryville.

His wife is still living and they have five living children: Mrs. Frank Davis, Holbrook, Neb.; Joseph D. Carmichael, Houston, Texas; Jacob Carmichael, York, Neb.; Isaac Carmichael, Pickering, and Mrs. J. D. Parks, Hopkins.

Sixty-two enjoyed the celebration and big dinner Sunday. At the request of those present Elder Carmichael made a little talk in the afternoon, Wm. Eggers offered prayer and all joined in singing some of the old favorite hymns, after which the company departed, expressing their wishes that this pioneer be permitted to live many years yet to go about doing good.

Those present were Mr. McCall and family, William Lee, Austin and Ira Sharr, together with their families and Isaac Trice of Orrsburg; John Burch and family, John Sharp, John Young and wife and I. P. Carmichael and family of Pickering; Star Carmichael, Jim Carter and family and Joe Carmichael and family of Maryville, with the following from the vicinity of Hopkins: Wm. Eggers and family, Mrs. Elber Collins, James King and wife, Jacob Burch and wife, Wm. King and wife Mrs. Deliah Burch, Al Burch, Ira Cook and wife, and Clyde Melvin and wife.

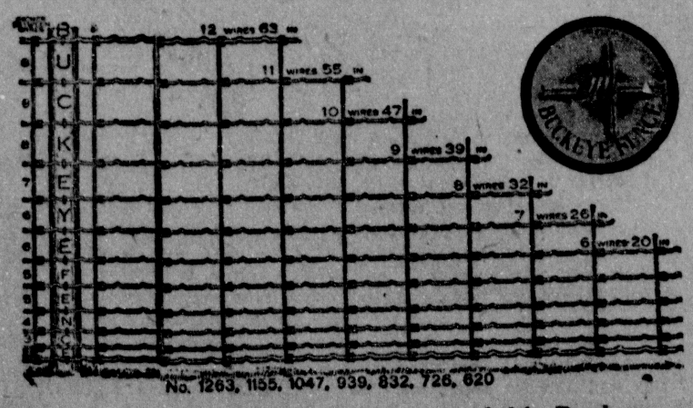
What Is Malleable Iron?

The best soft gray cast iron annealed and when thoroughly annealed becomes the best heat—transmitting and resisting iron known to range construction.

Every joint in the MONARCH is rivited and therefore gas and air tight. The rivets are wrought iron and hence of the same heat resisting temperment as the material they hold together, thus making the expansion equal, therefore continued expansion and contraction under these conditions have no tendency to make loose joints. The life and efficiency of a range depends on the construction and durability of the fire box and the fire box construction in the MONARCH RANGE is built scientifically correct. Call and we will be pleased to show you why.



We have just received another car of this Buckeye Fence and have it in all the standard widths. It is built of No. 9 top and bottom and No. 11 intermediate and stay wire and extra heavy galvanized. Let us show the merit of the BUCKEYE HINGE STAY FENCE.

"For gift of ruddy sunset—light on sea and barren strand,
For rapture of the summer dawn, and heart to understand,
For freedom of the gracious earth, for life and its reward—
To whomsoever thou mayst be, my gratitude, O Lord!

And if there be a Journey's end more joyous than the way,
And if there be an Afterglow more splendid than the day,
A canvas of Eternity when human colors dim—
Whatever Artist—God there be, my gratitude to Him."
—Kenneth Rand in The Rainbow Chaser.

NO REASON FOR IT.

When Maryville Citizens Show a Way.

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what a Maryville citizen says.

J. A. Murphy, 805 East Fourth street, Maryville, says: "I suffered considerably from bladder trouble and lumbago. I got up in the morning feeling so stiff and lame and with such a dull ache across my loins that I could hardly work. Whenever I caught cold my kidneys troubled me. The kidney secretions were dark and filled with sediment. Finally I used Doan's Kidney Pills and am now free from the trouble. I recommend Doan's Kidney Pills just as highly today as I did when I was cured. Occasionally I take Doan's Kidney Pills and they quickly relieve me."

Maryville Composer Here.

George Luther Burr of Maryville, Mo., composer of several musical pieces, including Mary Villemo and The Shepherd of the Hills, arrived in the city yesterday to complete negotiations for placing some of his musical productions on the market here. Mr. Burr is prominent in musical circles, owing to the popularity of a number of his compositions. The title of the song, Mary Villemo, won a distinction for the composer owing to the fact that the title spells the name of Maryville and also adds the abbreviation for the state, "Mo."

"Bad" Roads Near Parnell No Exception—Two Teams Couldn't Budge Auto.

There are a number of mud holes in this vicinity that are almost impassable. For instance, the one north of Jerry Beatty's and one this side of Oxford. They are about the worst we know of. The one west of the Keever bridge is not the best on earth. These could be fixed with but little trouble. Hay or straw with a little brush would put them in condition that automobiles and teams could pass over temporarily. An automobile stuck in the mud west of Oxford Sunday evening late and had to remain in the hole all night. Two teams were hitched to it to pull it out, but they couldn't even budge it an inch. Of course, this is the worst in many years, but they could be made much better than they are.—Parnell Sentinel.

MARYVILLE PEOPLE PRAISE SIMPLE MIXTURE

Many in Maryville praise the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka. This remedy is the most thorough bowel cleanser ever sold, being even used successfully in appendicitis. One spoonful relieves almost any case of constipation, sour or gassy stomach. One minute after you take it the gasses rumble and pass out. Adler-i-ka cannot gripe and the instant action is surprising. The Koch Pharmacy.

Tires 30x3½ — Also 30x3

20% More Capacity
30% More Rubber
In Side Walls
$317,000 Better

Note what Goodyear users get this year on tires in smaller sizes.

We have added 20 per cent to the air capacity. That adds immensely to your riding comfort, combats the blowouts and overloading that came to smaller tires.

We have added 30 per cent to the rubber in the side walls, where constant bending breaks so many tires.

We have made new molds—changed the whole design—because of newly-discovered ways to add to the tires' endurance.

$317,000 Better

These improvements will cost us this year $317,000 extra.

Yet this year also brought to Goodyear users an enormous price reduction, making 45 per cent in two years.

Note that Goodyear tires, as made before, won top place in Tiredom. Never has another tire won so many users.

It is these tires—proved the best tires built—which we have bettered this year in every way that experts know.

Get these super-tires. Our mammoth output makes this extra value possible. Don't take smaller, thinner tires.

Galveston, August 19.—The total number of lives lost in the great storm is estimated at two hundred and thirty. The total property loss along the coast is estimated at twenty-five millions. Some estimate the number of dead at 400. The heaviest loss of life is among the ships. It will be weeks before the loss of life can be checked up.

One hundred and fifty who were aboard dredges and schooners in this district are missing. Fourteen bodies have been recovered in Galveston proper.

Galveston, August 19.—One hundred and ninety persons marooned near Abbeyville, La., have been for three days without food. The force of the hurricane was shown here when a six-ton monument was blown two hundred feet.

Galveston, Texas, August 19.—The city has survived the worst tropical storm in its history, with a loss of thirty-nine lives and a property damage estimated at $15,000,000. The loss is negligible when the terrific hurricane which raged for twenty-four hours over the city, is considered.

The big seventeen-foot sea wall surrounding parts of the city alone saved it. Not a business house nor a residence escaped some damage. The principal destruction was near the wharves, the cotton piers being scattered greatly, two being washed away.

Elevators in the city were scarcely damaged. Five ocean steamers are aground on Pelican island. Scores of small crafts were totally wrecked.

A mass meeting called by Mayor Fisher appointed a committee of forty-five citizens to supervise repair work in the city. Galveston has been placed under martial law because of the looting discovered in several places. The regular infantry is expected to arrive here today to assume command of the situation and assist the militia.

Saloons have been closed. An adequate water supply for domestic purposes has been arranged for. The work of repairing the water mains is now under way.

The great boulevard along the sea wall is all washed out and is totally impassable.

Most of the residents of the city are returning to their homes since the water is subsiding. During the storm thousands took refuge in the court house while an equal number went to other public buildings and hotels.

The wind, during the storm, steadily increased in velocity. The tropical downpoud of rain began to fill the streets of the city with water by midnight Monday. Six feet of water flowed through the business section, ruining all stocks of goods on the first floors.

Two fires started did considerable damage, being increased in damaging effect when the wind changed and increased to ninety miles an hour, coming direct from the gulf, pouring water over the sea wall, and doing great damage.

Two tugs and five dredges are missing. Nearly all plate glass windows in the city were broken by the storm.

More Deaths from Storm.

Beaumont, Texas, August 19.—A courier reports that the town of Anahuac was demolished by the storm and that twenty were killed.

A Steamer Overdue.

New Orleans, August 20.—Considerable uneasiness is being felt because of the failure to get any report from the steamer Marowijne, enroute from Honduras. It has sixty-six passengers on board and is four days overdue.

RED CROSS TO THE RESCUE

Gulf Coast Sufferers Being Taken Care of by the Hospital Corps and Assistants.

Special to The Democrat-Forum.

Washington, D. C., August 19.—Prompt measures have been taken by the Red Cross society for the relief of the Galveston flood sufferers, and they are already rushing supplies and giving all possible relief. Major General Bell has gone to Texas City to take charge of the relief work there and to distribute food to the destitute civilians.

Texas City is a port across the bay from Galveston, and it was hard hit. It suffered a loss of $400,000 and 150 buildings in the residential districts were destroyed. At the height of the storm there was six feet of water over the city. Latest reports place the number of dead at eighteen, of whom ten were soldiers.

Martial law has been proclaimed there and order is being maintained.

FEDS WIN FIRST IN BALL TOURNEY

MARYVILLE DEFEATED CLEARMONT 5 TO 2—WILLEY HIT ONCE.

HOPKINS WON FROM BEDFORD; SCORE 4-2

Local Nine Will Clash With Thomas' Aggregation Today, While Clearmont Tussels Bedford.

(By Special Correspondence to Democrat-Forum.

Hopkins, Mo., August 19.—In the opening day of the three-days base ball tournament began here yesterday with the teams of Bedford, Ia., Clearmont, Hopkins and the Maryville Federals each contesting for one of the four prizes aggregating $350, the Federals defeated Clearmont 5 to 2, and Hopkins won from Bedford 4 to 2.

A fairly large crowd attended, many fans coming from neighboring towns, including Maryville, to witness the games and root for their home teams. All Hopkins stores and business establishments are to be closed from 2 to 5 o'clock each afternoon of the tournament, while the Hopkins band will entertain with a concert each evening.

The Maryville Federals and Hopkins will contest this afternoon, while Bedford and Clearmont will battle for victory. On the closing day, tomorrow, Maryville will play Bedford and Hopkins will play Clearmont.

Expect Close Game Today.

Clay Vaughn of Burlington Junction, recently of the Nebraska state league, will pitch for Maryville today, while Harry "Frosty" Thomas, the southpaw, who has played with the St. Joseph Western league team the last two seasons, will pitch for Hopkins. He is a brother to the manager of the Hopkins team, and is considered an exceptionally strong twirler.

It was he who brought St. Joseph out so well two years ago, when he pitched a double victory for the St. Joseph Drummers in the final game of the season against the Omaha team.

The largest crowd of the tournament is expected to witness the games today.

Fern Willey, a new twirler for the Maryville Federals, pitched an "almost" no-hit game against Clearmont yesterday, the only one being secured when Myers got a fair ball past Palfreyman, playing shortstop. It started Myers out on the first of the two scores secured by Clearmont. Clearmont got only three men on first base.

Maryville Lost First Chance.

The Feds' first chance to score came in the first inning, when Carmichael

IMPLIES COUNCIL COULD USE HEADS FOR PAVING.

The following anonymous letter was received by Bert Raines, president of the Maryville city council, by mail this morning, which implies how Maryville could pave some of the streets with little expense and through the use of the councilmen themselves:

In a certain large town in the south of Ireland, in which the streets were very bad and the footpaths even worse, a meeting of the corporation was held for the purpose of making new pavements, when it was found that the funds to their credit were rather low. After a long and wearisome discussion one of the members arose and addressed the meeting thus:

"I think, gentlemen, that if we all put our heads together we could all make a very good wooden footpath."

HOPKINS FARMERS THRESHING.

Despite Rains Wheat is Being Sold at From 65 Cents to $1.

Despite the rains, some of the farmers of Hopkins township have already threshed, but the grain is not what it ought to be, being of an inferior quality, the best offer on some of it being 65c a bushel. Ed Wolfers, Jr., offered Levi Daniels a dollar a bushel for his wheat Tuesday.

Most of the farmers will stack their grain and thresh in about six weeks from now, believeing that by putting the grain through a sweat it will be of a much better quality and consequently worth more money on the market. Hopkins Journal.

WILL OPEN ABOUT SEPTEMBER 1.

Dick Hotchkin's New Store to Carry Stationery, School and Office Supplies.

D. E. Hotchkin's new store will be open to the public in ten days or two weeks or as soon as the building can be arranged. The new store will not be a five and ten cent store as was erroneously reported a few days ago. Mr. Hotchkin has been in business here for a number of years and has had experience in the lines he now contemplates handling. He has many friends over the county who will wish him success in his new venture.

HAWK IN TROUBLE AGAIN

Former Maryville Man Wanted Here by State Assaulted Iowa Prosecutor, Charged.

Henry Hawks, who left Maryville last winter, following the filing of a state charge of assault against him by Prosecuting Attorney W. G. Sawyers, is again in trouble, according to reports from Shenandoah, Ia. He is alleged to have "beat up" Levi Mattox, county attorney there, this week, because Mattox brought a charge of bootlegging against him.

The attack was committed, it is said, during a court session there. Mattox received deep gashes over his eye, making several stitches necessary. His eye is swollen shut.

Immediately Judge George H. Castle, in spite of the strong evidence against Hawks on the whisky charge, bound Hawks over to the grand jury, affixing bond at $500, on a charge of felonious assault.

MILITIA PICKS LIEUTENANT

Company F Members Elect Albert Berlin Second in Command of National Guardsmen.

Albert Berlin was elected first lieutenant of Company F, Fourth regiment, National Guards of Missouri, at a special election held by the company in the armory last night. He succeeds Loren DeMotte, who resigned last spring, following his removal to Oklahoma.

This fills the roster of guard officers, Claude Wilson being appointed first sergeant a few days ago to succeed Guy Ray.

There were only two other nominees for the position of first lieutenant. They were Chester Bennett and Jesse Strader.

A call was issued today by Captain John K. Ross for all members of the company to get ready for annual encampment of the Fourth regiment at Kansas City, September 6 to 12. The Maryville company will leave for camp September 4, Captain Ross announces. None will be excused except on presentation of certificate from a physician that he is unfit for duty.

BIG EDUCATORS TO ADDRESS TUTORS

PROMINENT SPEAKERS WILL BE ON PROGRAM AUGUST 30, 31.

EXPECT 200 TO ATTEND TWO DAYS MEET HERE

Every Public School Tutor in County Urged to Be at Session—Prof. Oakerson to Come.

That some able addresses will be made at the annual county meeting of Nodaway county public school teachers here, August 30 and 31, is indicated by the program for the two-day's session, announced today by County School Superintendent Bert Cooper. The meeting will be held in the Central school building here, with Superintendent Cooper in charge.

Every public school teacher in the county is expected to attend. In this case there will probably be between 175 and 200 in attendance, besides several from other counties.

That Howard R. Griggs, professor of education in the University of Utah, at Salt Lake City, and author of "Live Language Lessons," to be used in the Nodaway county schools next term, will be present to make an address, is assured in a letter received from Prof. Griggs by Superintendent Cooper yesterday.

He is considered an able speaker and will probably explain in part the text which was recently adopted for the schools of this county.

Other Visiting Speakers.

In addition to the address by Prof. Griggs and several local educators, Prof. W. M. Oakerson with the state educational department, Miss Cora Early, superintendent of schools of Worth county; Mrs. J. C. Campbell of St. Louis; and Prof. W. P. Johnson of St. Louis, also will make addresses, according to announcement.

NEWS BY WIRE.

The Democrat-Forum has arranged to augment its present excellent local news service with the latest important news by wire. It will not cover all the world's news, but it will cover all the big news of the world each day. It is not within the province of a daily in this field to do more. The Democrat-Forum has always made it a point to give its readers more of the news of Maryville and Nodaway county than any other paper, and to give it earlier and with accuracy. We have not been willing to curtail this service in any way in order to take on more outside news because the people have plainly shown their approval of our course, but we have now arranged to give to our readers this extra service without any abridgement of home news. In fact, we expect to increase that wherever possible.

Our wire service will be furnished by the International News Service, one of the great news supplying bureaus of the world. It will supply the big news at the very earliest moment, and will also supply a limited market report at the close of each day's business. It will give the closing prices at Kansas City each day on cattle, hogs, wheat and corn particularly, which will be printed in The Democrat-Forum within a couple of hours. If you want all the news all the time, get The Democrat-Forum.

$100 Reward, $100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

PIONEER PREACHER HONORED

Lived in Nodaway in Log Cabin Days—Celebrates Eighty-Second Birthday at Home in Hopkins.

The Rev. J. C. Carmichael celebrated his eighty-second birthday August 12 and the following account of the way it was observed is taken from the Hopkins Journal:

Last Thursday was Rev. C. J. Carmichael's eighty-second birthday, but his friends waited until last Sunday to celebrate the event, when they went to his home in the southeast part of town, with well filled baskets, and gave him a complete, yet a most happy surprise.

Although this aged minister has not been a resident of Hopkins for any considerable time, he is a pioneer of the county, coming to Maryville before the Civil war, and is a man who makes friends by his genial manner and pleasant ways. It is interesting to hear him tell of the early life here, when land sold as low as $3 an acre and when a log cabin was occupied by a "department store" in Maryville.

His wife is still living and they have five living children: Mrs. Frank Davis, Holbrook, Neb.; Joseph D. Carmichael, Houston, Texas; Jacob Carmichael, York, Neb.; Isaac Carmichael, Pickering, and Mrs. J. D. Parks, Hopkins.

Sixty-two enjoyed the celebration and big dinner Sunday. At the request of those present Elder Carmichael made a little talk in the afternoon, Wm. Eggers offered prayer and all joined in singing some of the old favorite hymns, after which the company departed, expressing their wishes that this pioneer be permitted to live many years yet to go about doing good.

Those present were Mr. McCall and family, William Lee, Austin and Ira Sharr, together with their families and Isaac Trice of Orrsburg; John Burch and family, John Sharp, John Young and wife and I. P. Carmichael and family of Pickering; Star Carmichael, Jim Carter and family and Joe Carmichael and family of Maryville, with the following from the vicinity of Hopkins: Wm. Eggers and family, Mrs. Elber Collins, James King and wife, Jacob Burch and wife, Wm. King and wife Mrs. Deliah Burch, Al Burch, Ira Cook and wife, and Clyde Melvin and wife.

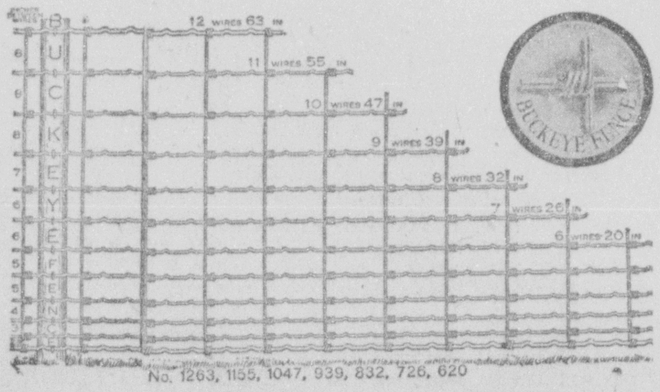
Monarch MALLEABLE The Stay Satisfactory Range

Make Your Cooking a Daily Pleasure

What Is Malleable Iron?

The best soft gray cast iron annealed and when thoroughly annealed becomes the best heat—transmitting and resisting iron known to range construction.

Every joint in the MONARCH is rivited and therefore gas and air tight. The rivets are wrought iron and hence of the same heat resisting temperment as the material they hold together, thus making the expansion equal, therefore continued expansion and contraction under these conditions have no tendency to make loose joints. The life and efficiency of a range depends on the construction and durability of the fire box and the fire box construction in the MONARCH RANGE is built scientifically correct. Call and we will be pleased to show you why.



We have just received another car of this Buckeye Fence and have it in all the standard widths. It is built of No. 9 top and bottom and No. 11 intermediate and stay wire and extra heavy galvanized. Let us show the merit of the BUCKEYE HINGE STAY FENCE.

For rapture of the summer dawn, and heart to understand,
For freedom of the gracious earth, for life and its reward—

A smartly appointed tea was given at the Dr. D. J. Thomas home on North Main street yesterday afternoon, when Mrs. Thomas received one hundred friends who were to meet her sister, Miss Mary Shaaber of Reading Pa., who has been summering at the Thomas home. A particular color motif was selected for each room, that of the music room, gold and white, the flowers chosen being golden rod, sunflowers and yellow hydegangeas. NO REASON FOR IT.

When Maryville Citizens Show a Way.

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what a Maryville citizen says.

J. A. Murphy, 805 East Fourth street, Maryville, says: "I suffered considerably from bladder trouble and lumbago. I got up in the morning feeling so stiff and lame and with such a dull ache across my loins that I could hardly work. Whenever I caught cold my kidneys troubled me. The kidney secretions were dark and filled with sediment. Finally I used Doan's Kidney Pills and am now free from the trouble. I recommend Doan's Kidney Pills just as highly today as I did when I was cured. Occasionally I take Doan's Kidney Pills and they quickly relieve me."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Murphy had. Foster-Milburn Co., Props., Buffalo, N. Y.

Maryville Composer Here.

George Luther Burr of Maryville, Mo., composer of several musical pieces, including Mary Villemo and The Shepherd of the Hills, arrived in the city yesterday to complete negotiations for placing some of his musical productions on the market here. Mr. Burr is prominent in musical circles, owing to the popularity of a number of his compositions. The title of the song, Mary Villemo, won a distinction for the composer owing to the fact that the title spells the name of Maryville and also adds the abbreviation for the state, "Mo."

The Missourian carries a letter from Governor Major in which the executive compliments him on the song, Mary Villemo.—Springfield (Mo.) Republican.

"Bad" Roads Near Parnell No Exception—Two Teams Couldn't Budge Auto.

There are a number of mud holes in this vicinity that are almost impassable. For instance, the one north of Jerry Beatty's and one this side of Oxford. They are about the worst we know of. The one west of the Keever bridge is not the best on earth. These could be fixed with but little trouble. Hay or straw with a little brush would put them in condition that automobiles and teams could pass over temporarily. An automobile stuck in the mud west of Oxford Sunday evening late and had to remain in the hole all night. Two teams were hitched to it to pull it out, but they couldn't even budge it an inch. Of course, this is the worst in many years, but they could be made much better than they are.—Parnell Sentinel.

MARYVILLE PEOPLE
PRAISE SIMPLE MIXTURE

Many in Maryville praise the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka. This remedy is the most thorough bowel cleanser ever sold, being even used successfully in appendicitis. One spoonful relieves almost any case of constipation, sour or gassy stomach. One minute after you take it the gasses rumble and pass out. Adler-i-ka cannot gripe and the instant action is surprising. The Koch Pharmacy.

Small-Size Tires Made Bigger

Tires 30x3½ — Also 30x3

20% More Capacity
30% More Rubber
In Side Walls
$317,000 Better

$317,000 Better

These improvements will cost us this year $317,000 extra.

Yet this year also brought to Goodyear users an enormous price reduction, making 45 per cent in two years.

Note what Goodyear users get this year on tires in smaller sizes.

We have added 20 per cent to the air capacity. That adds immensely to your riding comfort, combats the blowouts and overloading that came to smaller tires.

We have added 30 per cent to the rubber in the side walls, where constant bending breaks so many tires.

We have made new molds—changed the whole design—because of newly-discovered ways to add to the tires' endurance.

Note that Goodyear tires, as made before, won top place in Tiredom. Never has another tire won so many users.

It is these tires—proved the best tires built—which we have bettered this year in every way that experts know.

Get these super-tires. Our mammoth output makes this extra value possible. Don't take smaller, thinner tires.
